"Christmas is the most special time of the year, and this season, we want to provide a one-of-a-kind, 360 experience for all visitors to Quayside Isle. With an array of cuisines available, '*illuminate by the marina*' will further elevate Quayside Isle's dining experience with the ambient light installation and interactive lit-up arch, transporting diners to a magical realm. Visitors will also be able to soak in the breathtaking views of the enchanting marina-front and welcome Christmas in a truly unique way!" says Ms. Stella Yeo, General Manager of Quayside Isle.

1. “illuminate by the marina” – Light Installation and Interactive Arch

Surrounded by breathtaking views of the vast sea, Quayside Isle was inspired to create an underwater garden with different elements within the ambient light installation depicting a reimagination of the beautiful marine life. Be amazed by the halo rings on the trees being playful jellyfishes and the garden bulbs representing colourful corals in the ocean. Interact with the decorative arch, a creative interpretation of an underwater rainbow, at the main entrance using the “Touch Me” discs for a colourful illuminated Christmas by the marina.

The ambient light installation, complemented by joyous festive music, presents a brand new photogenic and unique dining experience for photo enthusiasts, foodies, couples and families to celebrate the most wonderful time of the year!

Time: Daily from 7PM – 9PM
